2016 Annual Report
Operation School Bell
Assistance League of Seattle's flagship program
Operation School Bell provides brand-new clothing and shoes to students in grades K-5 in Seattle Public Schools, homeless shelters, and transitional housing facilities. A student in need receives a warm coat, hat and gloves, pants, shirts, athletic shorts, sweats, socks, underwear, hygiene kit, and $25 voucher to Payless Shoe Source. Last year, we implemented new initiatives for Operation School Bell:

**Bag&Deliver:** Family Support Workers at Seattle Public Schools and social workers at homeless shelters and transitional housing facilities fill out a form with a student’s measurements and favorite colors, and OSB volunteers put together a customized bag of clothing to be delivered.

**OSB Liaisons:** Two new Board-appointed positions to build relationships with homeless shelters and transitional housing facilities

**OSB Ambassadors:** OSB volunteers connect with Title I schools to provide extra assistance for the hard-to-reach homeless student population.

1,630 smiles, thanks to new clothes (51% increase over 2015!)

Enrichment Scholarship Program

Financial Aid for Education

The road to a college education isn’t easy. But for students who don’t qualify for traditional financial aid, it can seem impossible. Financial Aid for Education supports students who face economic difficulties obtain their degrees.

In the 2015-2016 year, 23 students worked towards achieving their dream of higher education with full scholarships to cover tuition and books, and received one-on-one mentoring from FAFE committee members. Five students graduated in May/June 2016. New partnerships with TRiO at Seattle Central College and Seattle Education Access provided a stream of eligible, motivated students in need of support.

In April 2016, 59 students received partial or full funding to attend camps that focused on leadership, art, technology, STEM, equine therapy, outdoor summer camp, and more.

“Despite my constant struggles, Assistance League of Seattle gave me the chance to better myself and to prove that their help was not in vain. I did achieve all my goals at Bellevue College, but I didn’t do it alone. We achieved it together.”

— Monica, FAFE scholarship recipient
